Harpy Appearance

Use this table to generate an harpy's unique appearance and other characteristics.

Roll: Custom Output Chat

Roll	Output
1-1	Has beautiful red and blue plumage. She stands out from typical examples of its brethren.
2-2	Wears a thick leather belt weighted down with all manner of pouches. She has a strange air of civility about her.
3-3	Has a wickedly curved beak.
4-4	Has only one eye—an empty socket is all that remains of the other.
5-5	Benefits from jet black plumage that gives her a sinister air and helps her hide in shadows.
6-6	Sings in a piercing, high-pitched falsetto.
7-7	Has a multitude of vivid red scars across her face and shoulders. One wing is also particularly ragged as if something has torn a handful of feathers.

Notable Features

Use this table to determine the area's notable features(). This feature is so obvious, the PCs automatically notice it. Only reveal information in brackets if a PC discovers it in some way.

Roll: Custom Output Chat

Roll	Output
1-1	A thick layer of slime and congealed body fluids covers the floor. The smell is revolting.
2-2	Piles of dry urine and excrement cover the ground.
3-3	Dried splats of unidentifiable substances stick shards of a broken mirror to the next's walls.
4-4	Piles of rubble are heaped about the lair. Some are unstable, and the harpy tries to lure its enemies atop these piles.
5-5	Two moily eaten humanoid bodies lie against one wall. The harpy's foul-smelling excrement covers what little remains.
6-6	A pool of foul, dirty water comprises the most accessible part of the lair. The harpy dwells on a broad stone ledge beyond.
7-7	A teetering pile of boulders looms over the nest. A strong character—or perhaps the harpy—could easily be seen to perch precariously on the boulders.

What's going on?

The harpies are probably not just sitting around waiting for intruders. Use this table to determine what they are doing when the PCs arrive. Remember, the PCs' actions may render some of the entries moot—particularly if the harpies are aware of intruders.

Roll: Custom Output Chat

Roll	Output
1-1	Is gnawing a partially decomposed leg when the PC arrives. She uses it as a (mis)le weapon at the earliest opportunity.
2-2	Is snoring loudly. She is oblivious to the party unless they make a lot of noise.
3-3	Is singing softly to herself. She sings a song of violence, torture and death in a soft, lilting—almost soothing—voice.
4-4	Is searching through her treasure for a beloved trinket. She is in a foul mood.
5-5	Is suffering from feelings of loneliness and depression. She craves company and may not immediately beguile and kill intruders.
6-6	Is hungry. She hasn't eaten for days and has taken to licking the bones of her previous victims.
7-7	Is trying to make a bone necklace from finger and toe bones. It's not going well.

The team at Saibot Studios. "Space Ironman" PUNK-EX Early-access Launched!:

Hi everyone!, PUNK-EX has now launched on early-access Steam. During this phrase, I will be continuous improving on the game as well as listening to any feedback from players.

Feeling very excited and uncertain as this is my first early-access release as well as my first steam game releases.

The game is currently 85-90% playable but there will be some bugs that I missed fixing.

Please post any bug issues Steam discussion forums if you encounter any bugs. 🐛

Have fun!
