Play Diablo 3 on PC. Diablo 3 is an action RPG game released in 2012 by Blizzard Entertainment. The game was officially launched in Japan, United States, and Europe. It contains elements from Diablo 1 and Diablo 2, including items, skill trees, and monsters. It was designed by the same creative team that developed Diablo 2, and is considered the "spiritual successor" to that game. The game also features the character classes of Diablo 2, with some being updated, and several new classes being added.

Features. Diablo 3 is a game of skill, power, and cunning with a deep and expansive action RPG that rewards players with powerful items and character progression. Diablo III is an action role-playing game with a complex and dark story of exploration and moral choices. Players take on the role of a hero within the Diablo universe, acting as the scourge of the demonic forces that have been unleashed upon the mortal realm. Diablo III includes two new playable characters as well as a powerful new skill system, bringing the game to life. Diablo 3 allows you to play as one of four new playable heroes, each with

their own unique class and style of play. Along with all-new character builds and synergies, the game also introduces five new "Acts" of gameplay that range from end-game raiding to group play, and more. Featuring epic boss battles, a refined and deep character progression system, and expansive world and character customization, Diablo III delivers an exciting new action RPG experience in an epic adventure that players have never before seen. For more information on Diablo III, please visit: [www.diablo3.com](http://www.diablo3.com) Diablo III released on May 15, 2012, and was the first game of the Diablo franchise since the release of Diablo II: Lord of Destruction on December 17, 2004. The game reached number one on the U.S. Software sales chart. The game was designed by Blizzard Entertainment, the creators of Diablo II, in conjunction with the creator of Torchlight, Runic Games, and published by Blizzard Entertainment. Official Trailer Gameplay The gameplay of Diablo III is a role-playing game of action, skill, and loot, with an emphasis on combat and exploration. Players take on the role of a hero in the universe of the Diablo games, exploring the world, fighting enemies, and finding epic loot. As they explore the land, players will be able to unlock new areas, complete new quests, and gain experience to level up and gain new abilities. 82157476af
